

College & Career Group Report

College & Career Ministry Annual Report for 2020

The College & Career Ministry has been on hold for the most part of 2020. Through March it was business as usual, with weekly Taco Thursday gatherings at the Shelden home.

Beginning in April we switched to a Thursday dinnertime via Zoom, which continued for about two months. As time drew on, the attendance dropped, and we made the call to not continue with these. Twice we discussed re-starting gatherings later in the year but both times, after discussing with church leadership, we decided against it.

Although we have a baby due in one month, we *do* hope to continue resuming the College & Career group activities when we feel comfortable with social distancing/COVID. In the meantime, we hope to organize safe, out-door events in the coming year.

Nate & Rachel Shelden, for the College & Career Ministry
