1. If you were offered the choice between a free sports car or a free minivan (both good cars within their respective categories), which would you choose and why?
2. Look again at this passage and notice the repetition of the word “flesh.” What is Paul referring to? What does it mean to “mutilate the flesh” and to have “confidence in the flesh”? What is the opposite of “flesh”?
3. In verse 3, Paul makes a strange statement. Speaking to a mix of Jew and Gentile he says, “for we are the circumcision.” What does that mean? How can that be true?
